

9-1-1

**National Public-Safety
Telecommunications Week**
April 8 - 14, 2018

**To commemorate 9-1-1 Week
CHECK OUT THESE FREE PUBLIC-SAFETY APPS
available in Berrien County!**

Access public-safety applications designed to streamline information sharing for you, your family, and/or facility staff during an emergency.

Build your own private/household profile to share only with public-safety personnel when you call 911. It is nationwide and will go anywhere your mobile phone goes, and connect with any participating local Public-Safety center when you call 911.

Build a facility profile for your organization that will provide public-safety with important location directions, facility contacts, and hazardous materials lists, even when 911 is called by a mobile device from the facility.

Register to receive priority notifications regarding the Berrien County locations you are most interested in during a local emergency, and pre-register for special needs services during a disaster.

Keep in mind, these applications are offered as a part of a comprehensive county public-safety 9-1-1 and public notification system. While they are a powerful and convenient critical-information sharing approach, they will perform only as well as the wireless services and public internet.
